This year we organise Flash Presentations to give you a glimpse of what courses we provide at ECCRT. These presentations given by expert trainers will take place in break-out rooms. Have a look and select the one you want to attend.

! Discover our Competency Management System!

During the day, you will have the opportunity to attend a live demo of our Competency Management System. ECCRT's Learning Management System is tailored to the Learning & Development (L&D) needs in Pharmaceutical and Medical Devices industries.
